THE PRINCIPAL'S MESSAGE

My dear students,

We feel happy and proud that you belong to this great institution and the 'Montfortian Family of the Brothers of St. Gabriel.' We would like you to develop and blossom into maturity as a true Montfortian, a man with strong moral character, clear personal goals and genuine concern for others.

The quality of a school depends on the quality of its students. The rules, regulations, traditions, uniform etc, are only a means to raise the quality of your life. At the same time we would like to stress more on effective learning through self-regulation.

Wherever you may be and whatever you may do in future, please hold high the ideals that this school has been trying to inculcate in you and live by them and don't do anything that may tarnish the image of your college.

I wish you a pleasant and effective learning experience in this institution.

Above all, remain grateful and respectful to this temple of learning.

Principal

ST. LOUIS MARIE GRIGNION DE MONTFORT

St. Louis Marie Grignon De Montfort was born on the 31st January 1673 in a small village, Montfort, in Brittany in Western France. His father was nobleman and a lawyer, but the large family was poor as 17th century France was passing through a grave crisis, economic as well as social. The wars among European countries had depleted the national treasury. Poverty and disease became endemic. Added to this 95% of the population was illiterate. The French Revolution which was to come almost a century later was already brewing.

It was in the atmosphere, charged with tension that St. Louis de Montfortian founded the 'Brothers to impart education to an illiterate France. Not many were willing to follow this stern, austere and maverick Saint. When he died on the 28th April 1716, there were only five brothers. When the revolution broke out in the 1790s Montfortian institutions were only a handful and limited to Western France. The French Revolution wiped out the royalty and established a secular state, but there was anarchy until Napoleon came to rescue France and conquered almost the whole of Europe. In 1821, When the Brothers met, they were only a handful and were discouraged. They decided to launch outside France to Belgium, Switzerland and Italy. In 1886, they crossed the Atlantic and established institutions in Canada.

The Montfort saga in India began when on the 11th of September 1903, three Montfortian French Brothers landed in the French colony of Pondicherry. There was still no Montfortian Institution in India. It was in the next year, 1904, that the first Montfortian Institution was started at Tindivanam, now in Tamilnadu. This was a technical institution. It is still in existence and flourishing. It was not until the end of the First World War that the first English medium school, Montfort School, was started on the Shevroy Hills in Yercaud.

From 1918 to 2007, Montfortian Institutions grew in India from one to nearly a 165 and are now spread over 18 states and Union Territories, literally from North to South and East to West.

The Montfortian Institutions are spread over forty two countries, from Canada, Columbia and Peru to Fiji and the Tonga Islands in the Pacific.

St. Louis De Montfort was an extremely versatile man. He was a philosopher, writer, poet, musician, artist, sculptor, choreographer, builder and social reformer. The Montfortian philosophy is therefore one of totality, globality and universality-terms which are very relevant in today's world which is in a state of flux. The Montfortian system, therefore aims at 'total education'- the development of body, mind and spirit so that Montfortian student can have 'fullness' in life and be a useful citizen to the country, a faithful and loving person to his family and friends and fulfilled and contented human being.

May we be imbued by the Montfortian spirit and may we be successful Montfortians.

MONTFORTIAN EDUCATION AIMS AND OBJECTIVES

Education has a very wide connotation. The Montfort organisation, therefore not only caters to the educational needs of not only children and youth in normal academic schools but also imparts technical education, education of the deaf, the dumb and the blind, the physically and Mentally handicapped and engages in village uplift and social work specially among the downtrodden and the marginalized.

Montfortian education seeks to work for the total development of the young. They are helped to discover their God given talents and work towards their fullest development in order to place them at the service of the society. It seeks to enable the young to search for the truth by training them to analyse reality, from critical judgments, search for solutions and work out a synthesis.

It is concerned with forming a moral conscience that is capable of discerning what is good and choosing it.

It pays attention to the development of the capacity to engage in relationships marked by sincerity, self-determination and training to understand the complex political reality and to enter it in a constructive way.

It imparts an appreciation of the Indian heritage and enables the students to imbibe its culture and ethos for building a harmonious society, irrespective of differences of faith, language, caste and class and at the same time to remain open to the positive elements of other cultures.

It instills in the pupils the values of love, freedom, forgiveness, honesty and justice.

It takes full cognizance of the fact that education by its very nature requires a community style and environmental and cannot allow itself to be isolated from the social context.

“Total Education” which implies a holistic approach to education and which is concerned with the total development of an individual as a person, is the quintessence of Montfortian education. It aims at developing the body, mind and spirit to the greatest extent.

MONTFORTIAN EDUCATIONAL ETHOS

1. To keep yourself and your surroundings clean. It is the reflection of your inner self.
2. To compete with yourself, and not with others, to achieve more and better, to stretch your potential a little further the maximum that you can. Remember, the sky is not the limit; only you can limit yourself.
3. To pray to the Almighty to give you the strength to achieve the things you can, and the serenity to accept what you cannot, and above all the wisdom to know the difference.
4. To struggle against all odds; that greatness is not in achieving the easy and the ordinary; it is in achieving the seemingly impossible; that history is made by the courageous who dared to question and to challenge and not following the ordinary and the easy.
5. Never to disown, hurt or oppress the poor, nor to bend your knees before insolent might.
6. Not to waste your time; there is never enough time to learn to love, to give, to achieve, to wonder, to leave behind a legacy, a minute lost is lost forever, it can never be retrieved, if health and wealth are lost they may still be regained, but not time. One life is not enough to unravel the mysteries of life and of this universe. "One crowded hour of life is worth an age without a name."
7. To appreciate the beauty and goodness in the universe, the beauty and goodness within you and the beauty and goodness in others.
8. That every human being is basically good if anyone is bad to you, it is not your fault; he may have been treated badly by others. May be your goodness to him will bring back his own goodness. An eye for an eye and a tooth for a tooth has never brought anybody peace; but when one strikes you on one cheek, showing the other too has brought reconciliation, conversion and repentance.

Unfortunately, the world today has forgotten this art and hence the unhappiness, the misery, the war, the killings, the sufferings and the poverty of today's world.

9. That this great universe and all it contains is the creation of the Almighty; and nothing happens in this universe without His knowledge and consent, however unfathomable His ways may be. Hence man should endeavour to work in tune with nature and the Almighty. Do not pollute nature; but maintain the ecological balance. That you can not beat God; you are in God's hand like clay in a potter's hand. God has beautiful designs for you. Explore, and cooperate with this design, and you will find the beautiful designs God has for you unfolding itself in your life.
10. That nothing is absolute or final in life; that chance is an unavoidable law of growth; that we never possess the absolute truth; we have only partial truths, be willing to give up partial truth as you discover more truth. The Almighty is the only absolute truth.
11. That each individual is unique, and each must find his own unique path in life to success and fulfillment; there is no challenge and therefore, no reward in the beaten path; each one blossoms in his own uniqueness. Therefore you decide your destiny and you make it. Others, even teachers and parents, are only helpers. Dare to take the path less travelled, for that will make all the difference in your life.
12. That it is possible to agree than to disagree; that it is alright to be different; not to feel guilty to assert oneself (not aggressive); it is healthy to look one's own happiness (though not at the expense of another).
13. To play well the game of life in the Pierre de Coubertin way: "The important thing..... is not to win but to take part, just as the important thing in life is not the triumph but the struggle. The essential thing is not to have conquered but to have fought well."

14. To be prepared to pay the price of greatness and achievement; Jesus Christ was crucified and killed before he rose from the dead to eternal life; Socrates had to drink the cup of hemlock and die before the world acknowledged his greatness; Siddhartha had to renounce his palace, his kingdom and his family and wander for years before he became Buddha; the Mahatma faced the bullets before he became the Father of the Nation.

YOUR EDUCATIONAL CHARTER

Good education is a process that brings about desirable growth in the students. Growth for change that one is able to see from year to year and evaluate. There are various kinds of growth that must take place;

1. Growth in the amount of knowledge and information about various subjects, persons and events.
2. Growth in the quality of that information, namely greater understanding as well as increased ability to apply knowledge to a wide variety of situations, and also developing one's ability to think (Thinking means seeing new relationship between facts).
3. Growth in the various kinds of skills, and abilities one discovers and develops; e.g. to speak and write the language, English/ Hindi better; to work with one's hand to fashion objects; to pick up games, to learn to cycle; to play a musical instrument etc. growth can be either in learning a new skill or improving on the skills already learned.
4. Growth in interest, in the formation of habits, values and attitudes - developing and pursuing personal interest and hobbies, some of which will become lifelong assets.
Developing habits such as punctuality, regularity, order, working

according to a time-table, self-reliance, especially developing independent study techniques or learning to learn by yourself etc.

Developing values and attitudes such as active concern for the things of the spirit and for moral and spiritual values; pride in one's country and eagerness to contribute one's talents to national development; concern for others and their needs and rights; civic consciousness; need to strive after excellence and to shun mediocrity; eagerness to use personal effort and resourcefulness as much as possible rather than look too easily to others for help.

As you go through your school year, you should ask yourself whether you are able to see growth in one or more of these areas. To the extent that there is such growth, your education is successful. But in the measure in which such growth is absent, your education is a failure.

WHO IS ANSWERABLE ?

Obviously, all the three, most concerned with your education must share responsibility; your home; your school; and yourself. Those at home and at school help in your education, not so much by paying fees or by force - feeding information into an unwilling head but by providing and fostering a climate or atmosphere where learning can take place; where by setting goals and challenges, by asking questions and leading you to self discovery, they help you in all the ways mentioned above; to learn facts (the least useful commodity); to learn to understand and to think; to acquire new skills and habits; and to assess and adopt values and attitudes.

To the extent that you cooperate with your home and your school you, the important third partner, whose education is the concern of the other two, will contribute most to your personal growth. In turn you will be able to contribute significantly to the growth of society.

TO PARENTS

Though a school can do a lot for a child, it cannot do everything. The home is the place where he gets his first education and training in citizenship. It is the chief place where his character is formed and developed. School education indeed promotes the growth of personality and helps to discover and develop the qualities that are in the children. In order to secure all that is best in the education of your child, maximum, co-operation between parents and the school authorities is necessary.

The task of helping our children to become good citizen is done better through a kind of partnership between the school and the parents.

The school desires to have your co-operation and close contact with the teachers of your children in order to develop an atmosphere that is conducive to better and more effective education. This handbook is one of the links which bridges the home and the school. It will be an effective medium for parent-teacher contact.

We earnestly request the parents to look into this Handbook everyday and see to it that the lesson and homework assigned for the next day are completed. The child should be encouraged to cultivate habitual cleanliness in all his work. The teacher will communicate with you through this Handbook. Your prompt attention to those communications is very essential.

Absence of your child from class for attending social functions is discouraged because it retards the child's progress and minimizes his interest in regular hardwork. It is essential that the school should be informed when the child is detained at home.

Children who are ill should not be sent to school to attend class or to take test, as the chances are that they will spoil both their health and studies. In case of illness, application for leave must reach the school without delay.

Children should do their home-work by themselves. They should not be helped in it by parents or by tutors unless they really need it. It is

important that the children develop a habit of studying and working their own.

Criticism of a teacher should be avoided in the presence of the child because it undermines his respect for the teachers and the school. Should you have a legitimate complaint, please meet the Principal.

As your child advances in age, guide him to become a resourceful and useful member of the home, society and the country. Encourage self-help for work and study. He should be taught to keep his room tidy, make his own bed, polish his own shoes, carry his own bag etc. The formation of such habits early in life inculcates in him the idea of dignity of work, which is a fundamental personal virtue necessary for a successful career in life.

You are requested to pay special attention to the personal cleanliness of your child. Kindly see that the child attends the school in proper prescribed uniform.

THE METHOD OF STUDY

All of you have to devote a lot of time to your studies but most of you find it impossible to finish the given task or assignments. From where then can you find time to study ? For this there is no magic formula but the formation of correct study habits. This will keep you free from anxiety and give a feeling of confidence.

I. STUDY CONDITION

1. **Avoid all distractions :** Do not let your mind wander or be distracted from what you are doing. For this, select a quiet place.
2. **Keep ready all the materials** you might require close at hand so that you do not waste time and energy looking for it.
3. **Study under proper light,** for poor light tires the eyes and you lose concentration.
4. **Have proper ventilation,** for fresh air keeps the mind alert.

II. MAKE A PLAN FOR STUDY

1. **Keep in mind what you have to study,** how much you have to study and time you have. Have a balance between leisure and study. Organize a time-table in such a way that you have fun and sufficient time for study. "All work and no play makes jack a dull boy". Fun is essential because an exhausted mind cannot absorb what you study.
2. **Decide when to study and what to study.** Make a weekly timetable. It is better to have a short frequent period for each subject than long hours for one. Start with interesting easy lesson/topics and then go on to difficult ones unless they are interconnected.
3. **Pay total attention to what you are studying,** You will absorb more and understand better.

4. **Do not study when you are tired**, Relax with something light for a short while and come to studies. But do not confuse it with laziness and tiredness.
5. **Understand the material you have to learn as a whole.**
6. **Re-learn and revise previous lesson frequently.** If you have learnt mathematical formula or grammar rules practice their use, for Practice makes it perfect.
7. **Do not try to learn everything by heart.** Read the chapter carefully, understand the ideas and write the essential points.
8. **Do not learn notes but get the most important points and put them down in order under headings and subheadings.**
9. **During the weekend, set aside something to go over the week's work concentrating on points you had not grasped.**

Regularity and concentration are the key words of success.

PRAYER FOR INDIA (TAGORE)

Ch. Into that heaven of freedom, my father., let my country awake!
Where the mind is without fear and head is held high,
Where knowledge is free,
Where the world has not been broken up into fragments by
Narrow domestic walls,
Where tireless striving stretches its arms towards perfection,
Where the clear stream of reason has not lost its way into the
dreary desert sands of dead habit,
Where the mind is led forward by Thee into ever widening
thought and action.

PLEDGE

India is my country. And all Indians /are my brothers and sisters.
I love my country and I am proud of its rich and varied heritage.
I shall always strive to be worthy of it.
I shall give my parents teachers and all elders respect and treat
every one with courtesy.
To my country and my people I pledge my devotion.
In their well- being and prosperity alone lies my happiness.

Father we thank you for the night,
And for the pleasant morning light,
For rest and food and loving care,
Help us to do the things we should,
To be to others kind and good,
In all we do, in all we say,
To grow more loving everyday.

PRAYER BEFORE THE CLASS (OUR FATHER)

1) Our Father in heaven/Holy be Your name./Your kingdom come./
Your will be done/on earth as in heaven./Give us today our
daily bread./Forgive us our sins/as we forgive those who sin
against us./Do not bring us to the test,/but save us/from all
dangers.

OR

2) O God, who is truth/and the origin of all knowledge/bless our
studies, which we consecrate to you. Enlighten our minds/
strengthen our memories/and direct our wills towards what is
right and save us/from all dangers./Grant us to seek the truth
always/and make us truly wise.

OR

3) We thank you God for this new day and for the gift of life. We
pray for ourselves, our parents, relatives, teachers, friends and
every person on the earth.
Assist us in performing our duties, that we may never be
indifferent or careless but be always diligent, conscientious
and disciplined.
Watch over us Lord all through this day and lead us to do
what is right, true and good. Protect us from every harm to
soul and body. Help us this day to do all that you would like us
to do and to avoid doing whatever is not pleasing to you. May
your peace fill our hearts, our homes, our school, our country,
the whole world and the universe.

BEFORE EACH LESSON

Enlighten our minds O lord, and help us to understand what will be
taught, and to retain what we study so that we may become wiser and
better.

GRACE BEFORE MEALS

Bless us, O lord and these Your gifts which we are about to receive from Your bounty.

GRACE BEFORE MEALS

We give You thanks, almighty God, for all the benefits we have received from Your bounty.

ABIDE WITH ME

Abide with me/fast falls the eventide;
The darkness deepens/Lord, with me abide;
When other helpers fail/and comforts flee,
Help of the helpless/O abide with me.

Swift to its close ebbs out life's little day;
Earth's joys grow dim/its glories pass away;
Change and decay in all around I see;
O Thou Who changest not /abide with me.

Hold Thou Thy cross before my closing eyes;
Shine through the gloom/and point me to the skies;
Heaven's morning breaks/and earth's vain shadows flee;
In life, in death/O Lord, abide with me.

A PRAYER AFTER CLASS

O God/I thank You for all the knowledge/I have gained/through my teachers and books. It is possible/that I may have offended You/by wasting my time/or by misbehaving with others/I am sorry for my short-comings. I promise/that I will never offend You again. Help me Lord/to please You always/by my good behaviour.

A PRAYER AFTER CLASS

Dear God before I go home, I want to thank You, for this beautiful college day. Help me to retain the knowledge, which my teachers have given me. Bless them for their patience, strength and perseverance in teaching me today. Bless my dear parents and all those near and dear to me. Give me a restful night, so that I am awakened to a glorious day, ready to love and serve You again

THERE ARE NUMEROUS STRINGS

- Ref: There are numerous strings/in Your lute,/
Let me add/my own among them
1. Then when You smite/Your chords
My heart will break its silence,/
And my heart will be one/with Your song
 2. A midst Your numberless stars,/
Let me place/my own little lamp,/
 3. In the dance of your festival/of lights,/
My heart will throb/and my life will be one/
With Your smile./

Send them upon us, O Lord!
Grant to us now a refreshing
Come and now honour thy word.

Now as on Jesus we call.

HYMN TO SAINT MONTFORT

1. Every nation owns a leader,
Honored more than all the rest!
Every household has a father
Loved of men the first and best,
You, our father, you our leader,
Bless our studies, bless our play,
Glorious Montfort, dearest founder,
Lead us upward day by day.
2. On to God, lead us through Mary,
Safest path, our whole life long;
Gentle to the old and weary,
Clean of heart and kind and strong
Shield us when the tempter whispers,
Guide us true to our sweet saviour.
True to Mary and to you.
3. You do see the Saviour's bounty.
Hear the Mother, fair and sweet,
Pleading at the throne of mercy,
Moon and stars beneath her feet.
Youth flies from us life goes over,
Morning slips to noon and night;
Lead us upward, lead us onward,
Make us victors in the fight.

4. Only they who fight will conquer
And be crowned when life is done;
Help us, then, Montfort to battle,
Till the great reward is won.
Children, we of Saints and martyrs.
Heroes named with love and pride,
And we'll cherish as our heart's blood
That grand faith for which they died.

Ref : It is good to give thanks to the Lord
Make music to Your name O most High!
To proclaim Your love in the morning
And your truth in the night.

Then my heart is truly filled with joy.
The foolish person cannot understand.
2. Those who love will flourish like the palm
And grow like the cedar, firm and tall.

In him my rock, there is no wrong.

O give thanks to the Lord, for He is good (3)
Yes, eternal in His love.

1. I will sing to my God never ceasing

All my life. I will tell of His wonders,
He's the maker of all earth and heaven,
Of the ocean, the seas and all they hold.

2. The Almighty is faithful forever,
He is just to the poor and the outraged,
It is He Who gives bread to the hungry,
Who delivers the captives from their chains.
3. To the just He is gracious and loving,
But the wicked He fails and they stumble
Yes, the Lord reigns forever and ever,
He is king over Sion without end.

WHAT SO EVER YOU DO

When I was thirsty, you gave to drink,
Now enter in to the home of my Father.
2. When I was homeless, you opened your door,
When I was naked, you gave me your coat,
Now enter.....
3. When I was little, you taught me to read,
When I was lonely, you gave me your love,
Now enter.....
4. When I was laughed at you stood by my side.
When I was happy, you shared in my joy.
Now enter.....

I AM REJOICING NIGHT AND DAY

I am rejoicing night and day,
As I walk the narrow way,
For the hand of God in all my life I see.
And the reason of my bliss
Yes, the secret all is this
That the comforter abides in me.

Chorus : He abides.....He abides.....
Halleluiah, He abides in me,
I'am rejoicing night and day
As I walk the narrow way,
For the comforter abides in me.

There's no thirsting for the things,
Of the world they're taken wings,
Long ago I gave them up, and instantly,
All my night was turned to day,
All my burdens rolled away,
Now the comforter abides in me.

THIS IS THE DAY

This is the day(2), that the Lord has made (2)
We will rejoice and be glad in it (2)
This is the day that the Lord has made,
We will rejoice and be glad in it,

GREAT THINGS HAPPEN

Great things happen when God mixes with men (2)
Great and beautiful, wonderful things
Great things happen when God mixes with men;
Some find life, some find peace

Some people even find joy
 Some see things as they never could before
 And some people even find that they never could before
 And some people even find that they can now begin to trust
 Some people even find joy.
 Some see themselves as they never could before
 All some people find that they can now begin to live.

हमको मन की शक्ति देना

हमको मन की शक्ति देना, मन विजय करें
दूसरों की जय से पहले खुद को जय करें।
हमको मन की शक्ति देना.....
भेदभाव अपने दिल से साफ कर सकें,
दोस्तों से भूल हो तो माफ कर सकें
झूठ से बचे रहें सच का दम भरें
दूसरों की जय.....

मुश्किलें पड़े तो हम पर इतना कर्म कर
साथ दे तो धर्म का चलें तो धर्म पर
खुद पर हौसला रहे बदी से न डरें
दूसरों की जय
हमको मन की शक्ति देना.....

PLEASE NOTE

Parents/Guardians/Visitors are not allowed to enter the class and meet the students and their teachers during school hours. In case of an urgent need for meeting the students or teachers, the Principal is to be contacted. Parents/Guardian are earnestly requested to check the note books and handbook of the students regularly and help the school to maintain a high standard. **Phone calls for teachers or students during class hours will not be entertained.**

This handbook is an essential part of every student's outfit. It should be brought to the school everyday.

All entries of absence, late coming etc, should be made in the hand book and not on sheets of paper.

Since students come from varying backgrounds, it should not surprise us if a few students coming to the school have the tendency of stealing other student's articles like pen, pencil, geometry boxes etc. While requesting the parents to keep strict watch over their child to see if he ever brings home stolen property, they are also requested to provide sufficient things so that he need not resort to stealing.

PARENTS, PLEASE

- ◆ Send your children smartly dressed to school. Many are the cases when the clothing of the children are checked and found to be dirty specially stocking, vests, etc. Your child should not be one among them.
- ◆ See that your child has his daily bath, every part of his body clean & hair combed.
- ◆ See that your child is in complete uniform and reach the school well in time.
- ◆ Once the child comes to the school, he will not be allowed to leave the school before the school gets over. Hence **request for half day leave, short leave etc, will not be entertained.**

***YOU CAN BE PROUD OF YOUR CHILD
IF YOU CARE FOR HIM/HER***
